

## Chairmans Report - February 2024

1. Attended the quarterly CAP meeting. The new area police inspector. Louise Brown, introduced herself and described her plans for the future. Rachel Wrigglesworth, the director of health at Cornwall Council, also introduced herself and described her work with the various NHS bodies in the county. A presentation was then given by Kirstie Edward on behalf of the Volunteer Sector Forum describing their role in identifying all the various volunteer groups and offering assistance to them and where applicable co-ordinating their activities. The remainder of the meeting was then given over to Climate Action. After an update from the CAP lead person, Deborah Reeves, the attendees split into workshops to try and come up with specific objectives that could be instigated across the CAP.
2. The quarterly MVRG meeting was held on Jan. 30<sup>th</sup>. and Cllr Webb attended in my place and will be able to provide any relevant update.
3. The MSAS has been moved from Bridgemoor to the alternative location heading into Bridge. I have had agreement from the Cormac Highways Manager that the Bridgemoor MSAS post will be “replanted” as it is very unstable. His teams are busy with potholes at present and this will be done ASAP.
4. Myself, Cllr Webb and our clerk attended the Emergency First Aid training to give us adequate cover for any meetings and events we should host.
